 - 1.6 to assume the responsibility for the technical control and direction of their sports at the Olympic Games and at the Games held under the patronage of the IOC;
 - 1.7 to provide technical assistance in the practical implementation of the Olympic Solidarity programmes.
- 2 In addition, the IFs have the right to:
 - 2.1 formulate proposals addressed to the IOC concerning the Olympic Charter and the Olympic Movement;

2.2 collaborate in the preparation of Olympic Congresses;

2.3 participate, on request from the IOC, in the activities of the IOC commissions.

Chapter 5 – The Olympic Games

II Participation in the Olympic Games

Rule 41 Eligibility Code

To be eligible for participation in the Olympic Games, a competitor, coach, trainer or other team official must comply with the Olympic Charter as well as with the rules of the IF concerned as approved by the IOC, and the competitor, coach, trainer or other team official must be entered by his NOC. The above-noted persons must notably:

- respect the spirit of fair play and non-violence, and behave accordingly; and
- respect and comply in all aspects with the World Anti-Doping Code.

Bye-law to Rule 41

- 1 Each IF establishes its sport's own eligibility criteria in accordance with the Olympic Charter. Such criteria must be submitted to the IOC Executive Board for approval.
- 2 The application of the eligibility criteria lies with the IFs, their affiliated national federations and the NOCs in the fields of their respective responsibilities.
- 3 Except as permitted by the IOC Executive Board, no competitor, coach, trainer or official who participates in the Olympic Games may allow his person, name, picture or sports performance to be used for advertising purposes during the Olympic Games.
- 4 The entry or participation of a competitor in the Olympic Games shall not be conditional on any financial consideration.

Rule 42 Nationality of Competitors

- 1 Any competitor in the Olympic Games must be a national of the country of the NOC which is entering such competitor.
- 2 All disputes relating to the determination of the country which a competitor may represent in the Olympic Games shall be resolved by the IOC Executive Board.

Bye-law to Rule 42

- 1 A competitor who is a national of two or more countries at the same time may represent either one of them, as he may elect. However, after having represented one country in the Olympic Games, in continental or regional games or in world or regional championships recognised by the relevant IF, he may not represent another country unless he meets the conditions set forth in paragraph 2 below that apply to persons who have changed their nationality or acquired a new nationality.
- 2 A competitor who has represented one country in the Olympic Games, in continental

or regional games or in world or regional championships recognised by the relevant IF, and who has changed his nationality or acquired a new nationality, may participate in the Olympic Games to represent his new country provided that at least three years have passed since the competitor last represented his former country. This period may be reduced or even cancelled, with the agreement of the NOCs and IF concerned, by the IOC Executive Board, which takes into account the circumstances of each case.

- 3 If an associated State, province or overseas department, a country or colony acquires independence, if a country becomes incorporated within another country by reason of a change of border, if a country merges with another country, or if a new NOC is recognised by the IOC, a competitor may continue to represent the country to which he belongs or belonged. However, he may, if he prefers, elect to represent his country or be entered in the Olympic Games by his new NOC if one exists. This particular choice may be made only once.
- 4 Furthermore, in all cases in which a competitor would be eligible to participate in the Olympic Games, either by representing another country than his or by having the choice as to the country which such competitor intends to represent, the IOC Executive Board may take all decisions of a general or individual nature with regard to issues resulting from nationality, citizenship, domicile or residence of any competitor, including the duration of any waiting period.

Rule 44 World Anti-Doping Code

The World Anti-Doping Code is mandatory for the whole Olympic Movement.

Rule 47 Technical responsibilities of the IFs at the Olympic Games

- 1 Each IF is responsible for the technical control and direction of its sport at the Olympic Games; all elements of the competitions, including the schedule, field of play, training sites and all equipment must comply with its rules. For all these technical arrangements, the OCOG must consult the relevant IFs. The holding of all events in each sport is placed under the direct responsibility of the IF concerned.
- 2 The OCOG must ensure that the various sports included in the programme of the Olympic Games are treated and integrated equitably.
- 3 As to the schedule and daily timetable of events, the final decision lies with the IOC Executive Board.
